See posters or website for more information.

## **About USCA**

- USCA was formed in 2011 to give people in and around Ulva Primary School a say in future plans for the area.
- It grew out of the successful fight to save our local primary school (our only community building) from closure.
- The USCA area has a lack of affordable family housing.
- Without affordable family housing the school will always be threatened.
- Our aims include reinvigorating the area and supporting sustainable community development as determined by those who live and work here.
